

Imaging On Call Relaunches Teleradiology Services Website with New Features and Quote Calculator

NEW YORK, January 14, 2010 – It's a new year and a new look for Imaging On Call (IOC). The full-service [teleradiology](#) provider has relaunched their website, [ImagingOnCall.net](#), to provide visitors with an improved user experience, complete with a brand new instant quote calculator for IOC [teleradiology services](#).

Visitors to [ImagingOnCall.net](#) can now read the latest IOC news, access press releases, newsletters, whitepapers and a daily newsfeed with up-to-the-minute industry headlines, and find additional information about IOC's services, technology, physicians and current job openings.

The new quote calculator gives users an instant quote for IOC's [teleradiology solutions](#). Quote seekers simply enter the number of monthly studies for a specific modality (or modalities), and select either preliminary or final reads as well as the ability to select a 30 minute turnaround time vs. a 24 hour turnaround. Once they've entered their information, the calculator will generate a quick and convenient quote.

“Our goal in redesigning our site was to make [ImagingOnCall.net](#) a one-stop shop for all of your teleradiology needs,” said Amy Cruz, Marketing Communications Manager for IOC. “By adding all these new features, introducing our quote calculator and improving site navigation, we feel we have more than surpassed this goal.”

“We are thrilled with the new look of [ImagingOnCall.net](#), especially the quote calculator, which is unlike anything other [teleradiology companies](#) are currently offering,” said Mike Lampron, CEO of Imaging On Call. “These new changes are indicative of our position as an industry leader and our commitment to staying ahead of the rapidly changing teleradiology industry.”

For a limited time, visitors to [ImagingOnCall.net](#) who use the new quote calculator and contact IOC for additional information about the quote will receive 5% off teleradiology services. For more information, please visit [www.ImagingOnCall.net](#).

About Imaging On Call:

Imaging On Call is a U.S. based, Joint Commission accredited, full service teleradiology provider. Service packages are flexible including preliminary or final reads, subspecialty reads, vacation coverage, Breast MRI and stroke protocol. Their board certified, fellowship trained radiologists are skilled in all imaging modalities and have subspecialty training in all areas.
