

About Imaging On Call

Serving radiology groups since 2002, Imaging On Call is a US-based, Joint Commission–accredited, full-service radiology services provider. Its client facilities range from hospital-based and non-hospital–based radiology groups, hospitals, imaging centers and urgent care centers, to single and multispecialty private practice groups and research foundations.

A Name You Trust

Imaging On Call is a division of RadNet, Inc., an outpatient diagnostic imaging facilities owner/operator that has been in business since 1980 and currently services more than 230 centers across the nation.

RadNet is a full service radiology provider and industry leader in imaging services, staffing, practice management and patient care with over 10 hospital joint ventures and a staff of over 5,000 employees including over 500 radiologists in the largest network of subspecialty readers in the country.

Imaging On Call is looking for Radiologists seeking a career in Teleradiology.

- The ability to work from home
